

## SMALL SEPARATION STROKES DECISION TABLE A

Use Table A for all strokes,  
except those with ball Initial Separations less than 4 mm,  
covered by Table B

	Initial Separation of Balls			
Aiming Angle (degrees)	In Contact	Less than 4 mm	4 mm to 10 cm	More than 10 cm
0 - 10	Almost always Clean	Use Table B	Lawful if second ball travels more than 8 times first ball	Almost always Clean
Above 10			Lawful if Departure Angle at least 60 degrees
